SINCE 1992

Proven Trade Contacts, a strength for me was chased passionately to make it a success. It has made its mark today in the Medical Fraternity. ***"Strength does not come from winning, your struggles develop your strengths, when you go through hardships and decide not to surrender, That is Strength."***

The dynamics of Medical field are rapidly changing and ensuring the dynamics of the healthcare scenario, 'Proven Trade Contacts' wishes to serve healthcare sector by spreading awareness of the global trends and assist participation in the development of healthcare sector through its useful columns such as Buyers, Sellers, Country Profile, News up-date, Calendar of Events etc. Since 1992, from the year of its inception, it has been an integral part of the magazine to provide an avenue for the world's leading manufacturers, traders, service providers and researchers of medical equipment to meet and develop fruitful business contacts.

Proven Trade Contacts intends to provide further impetus to the growth of the healthcare sector in the world by bringing together the sellers and buyers on a single platform. The manufacturers can address thousands of readers of this highly respected monthly publication in over 125 countries and gain competitive edge by advertising regularly. People with an interest in the medical device and healthcare industries subscribe to it. Proven Trade Contacts objective, since 1992, has been to update its readers to the latest industry news and developments so that you're fully aware of the moves and trends that shape the dynamic world of medical devices and healthcare industry. With its wide reach and growing user base, Proven Trade Contacts helps the advertisers get exposure as well as an effective route to market and thus help tap new opportunities. This is in line with our efforts to constantly improve the standard of this magazine making it more information-rich and keep its stature as a highly sought after B2B magazine.

Any suggestions from readers will be highly appreciated!!

INDO-ISRAEL COOPERATION

We are in receipt of an e-mail dated 25 January, 2016, from Israel Trade Promotion Center, New Delhi reading as below, and for any further information, appointments, meeting etc., contact directly to Mr. Tejinder Singh - Sr. Consultant, Medical Device Sector, Israel Trade Promotion Center, Embassy of Israel, 517, Westend Mall, Janakpuri, New Delhi-110019, India. Tel.: +91-11-45534657, Mobile: +91-9910304657. Email: Tejinder.Singh@israeltrade.gov.il ; Website: www.itrade.gov.il/india/

"Dear Mr. Narang,

Greetings from the Israel Embassy, New Delhi.

The Embassy of Israel is organizing a delegation of Israeli medical device companies to India during 7-10 March 2016. The Delegation is scheduled to be in New Delhi and Chennai.

The Israeli companies are GlucoMe Ltd., Vayyar Imaging Ltd., Lev-El Diagnostics of Heart Diseases Ltd., Circ Medtech Ltd., Witalize Ltd., Medical Compression Systems etc. The companies are exploring the opportunities to meet Indian Hospitals, Distributors and Diagnostic Chains in India.

The idea is to bring Indian companies directly in line with some of the innovative technology companies from Israel with one to one interaction. We would like to invite you and your team to have a meeting with Israeli companies where the companies can showcase their products/technologies to the officials.

And also if you can print the information in your Reputed Magazine, we would be grateful.

Regards,

Tejinder Singh"

NEWS UPDATE

The 7th edition of Asia's premier medical fair, the Hong Kong International Medical Devices and Supplies Fair 2016, will be held from 3 to 5 May, 2016 at Hong Kong Convention and Exhibition Centre in Wan Chai, Hong Kong. The event will offer a wide range of latest medical devices and supplies, including hospital equipment, household medical products, rehabilitation and elderly care, Laboratory equipment and medical disposables and will also brings product developers and businesses together in this booming market.

As per the Organizer, more than 250 exhibitors and nearly 10,000 buyers will be together at the region's premier healthcare trading platform.

The event will provide the following benefits:

Effective trading environment: Hong Kong is a trading point at which the manufacturers of equipment, devices and healthcare consumables meet the fast-growing markets of Asia, including the Chinese mainland. The increasing share of medical services or healthcare in household expenditures in some developing countries can be translated into more opportunities for exporters of medical and healthcare products. The HKTDC Hong Kong International Medical Devices and Supplies Fair rightly provides the golden trading platform.

Meet the Right Buyers: Exhibitors of medical and healthcare equipment, devices and supplies will meet decision-makers of authorities, clinics, aged care facilities, distributors and agents from around the world.

The Hospital Authority Convention, one of the region's largest healthcare conferences, will be held concurrently. The convention, takes place over two days, with some 90 expert speakers and over 5,000 delegates, bringing valuable additional networking and business opportunities for exhibitors.

For details contact: Exhibitions Department, Hong Kong Trade Development Council, Unit 13, Expo Galleriam Hong Kong Convention and Exhibition Centre, Wan Chai, Hong Kong. +852-2824-0249, Fax: +852-2824-0026. E-mail: hktdc@hktdc.org and/or exhibitions@hktdc.org ; Website: www.hktdc.com ■

NEWS UPDATE

The 6th edition of leading trade fair of Rehabilitation Therapy, assistive technology, prosthetics and Orthotics in China, Rehacare and Orthopedic China 2016 (R&OC), will be held from March 25 to 27, 2016 in Guangzhou, China.

The three-day exhibition R&OC 2016 will make an optimal trading and dialogue platform for professionals, market leaders, suppliers, dealers and innovative newcomers from Mainland China and all across the world. As per the Organizer, 250 exhibitors of 600 stands, 35,000 square meters include exhibition and the forum and 25,000 visitors are expected in R&OC 2016.

Recognized as the largest academic conference in the Chinese rehabilitation industry, hosted by International Society of Physical and Rehabilitation Medicine, International Rehabilitation Canton Forum (IRCF) will be held at the same period with R&OC, aiming at the theme of "Inter-science Innovation for Rehabilitation

25-27th March 2016

Poly World Trade Center,
Guangzhou, China.

Development". With the idea of "cross-border, cross-discipline, cross-organization", the forum is expected to invite 300 illustrious experts from home and abroad to share their latest academic achievements, knowledge and experiences, to deepen the international exchange and integration between China rehabilitation medicine field and the world's, to promote greater development, and to build a brilliant future for the rehabilitation field. This is intended to attract more than 2000 professional audiences, IRCF 2016 will establish a keynote speech and over 20 parallel sessions for professionals in various fields of rehabilitation. Meanwhile, the forum will dedicate a number of sponsorship programs, providing sponsor companies an interactive environment to showcase their new products and services, to increase

brand awareness, and to generate new business with direct, face-to-face access to senior decision makers. IRCF 2015 forum triumphantly invited 127 renowned domestic and overseas experts to make academic speeches and shared their latest researches to over 1300 professional audience, which had caused strong repercussions in rehabilitation industry in China.

The 21st edition of Tashkent International Healthcare Exhibition (TIHE) will be held at Uzexpocentre in Tashkent, Uzbekistan from April 19 to 21, 2016. The event will exhibit the latest achievements of medical science and practical healthcare.

As per the Organizer, TIHE is the main medical forum for the latest technologies and practical healthcare in Uzbekistan. The exhibition has been a highly effective professional platform and meeting place for representatives of government bodies, producers of equipment and medical products, scientists and practising doctors. Exhibitors include world leaders of medical production, developers of new diagnostic and treatment technologies, representatives of pharmaceutical companies and developers of equipment for the pharmaceutical industry.

Tashkent International Healthcare Exhibition is a showcase of the latest achievements of medical

science and practical healthcare, where the leaders of the medical industry present the latest technologies and equipment for the diagnosis, prevention and treatment of disease. The annual exhibition offers specialists an opportunity to review the most advanced equipment, while the master classes and seminars feature the participation of the leading respected specialists and allow for the exchange of experience and the acquisition of new skills in the practical application of medical technology. This has a positive effect on the development of the healthcare system as a whole.

The event will have following sections:

- Medical technology and equipment,
- Laboratory equipment,
- Rescue equipment, emergency medical assistance,
- Physiotherapy, orthopaedic technologies,
- Optics and ophthalmology,
- Disposable materials and supplies,
- Medical products, Diagnostics and Surgery products
- Furniture for hospitals and medical facilities,
- Information & communication technologies in medicine,
- Medical services, Insurance, Banking etc.

Overview of Medical Device Market in VIETNAM!

Original Name	: Vietnam
Population	: 89 million (2013)
Capital	: Hanoi
Area	: 331,210 sq km
Major languages	: Vietnamese
Major religion	: Mahayana Buddhism
Life expectancy	: 76 years
Currency	: Vietnamese Dong
GNI per capital	: 5,070 PPP Dollars (2013)
Main exports	: Crude Oil, Textiles and Garments.

Location : Vietnam is bordered on the north by China and to the west by Laos and Cambodia. To the east is the South China Sea (called "Eastern Sea" by the Vietnamese). The country's shape and size is often compared to a bamboo pole with loads at the end (north and south). In the central part of the country Vietnam is only 40 kilometers (25 miles) across. The total land area of Vietnam is 331,210 square kilometers (127,880 square miles), making it slightly larger than New Mexico. It has a long coast of 3,444 kilometers (2,140 miles). Its 2 major cities are the capital Hanoi in the north and Ho Chi Minh City (formerly Saigon) in the south. Other major cities are the ancient capital of Hue in central Vietnam, the coastal cities of Danang and Haiphong, and Dalat in the central highlands.

Medical Device Market : Vietnam represents a potentially large healthcare, medical equipment and device market. Identified as one of the national development priorities, the Vietnamese public healthcare sector has received increasing government budget allocations as well as interest from the private sector. Most of them were constructed long ago and face chronic overcrowding. Hospitals in major cities like Ho Chi Minh and Hanoi often do not have the capacity to serve both local patients and those from other provinces. Much of the existing medical equipment in public hospitals in Vietnam is outdated and needs replacement. Many hospitals lack sufficient equipment for surgery and intensive care units. Vietnamese public hospitals rely largely on State budget to upgrade their facilities, equipment and services. The total budget for the health sector has increased, but it is still too low to meet the demands in the country. The main sources are from the U.S., Germany and Japan. In addition, Taiwan, Italy, France and South Korea also account for significant shares. Local production is extremely limited in terms of value, but volume levels suggest the foundation for ascent up the value chain. devices.

Medical Device Exhibition : Vietnam's International Exhibition, "PHARMEDI 2016" on products, Equipment, Supplies for medical, Pharmaceutical, Hospital and Rehabilitation will be held from 21 to 24 September, 2016 at Sai Gon Exhibition & Convention Center, Ho Chi Minh City, Vietnam. For details contact: ADPEX Joint Stock Ccompany, Room G3, FOSCO Building, No 6. Phung Khac Khoan Stress, Dakao Ward, District 1, HCMC. Vietnam. Tel.: +84-8-38239052, Fax: +84-8-38239053. E-mail: adpex@adpex.vn ; Website: www.pharmed.vn

Energising Your Business with Quality Products and Innovative Technologies

More than 250 exhibitors are expected to make the HKTDC Hong Kong International Medical Devices and Supplies Fair 2016 a fertile source of high quality products and services for the healthcare industry. Entering into the seventh edition, the fair recognises the needs of an ageing population as well as the trend to monitor health in the domestic environment. This awareness of industry needs attracted nearly 10,000 buyers to the 2015 fair.

Zones Meet Contemporary Needs

NEW in 2016 **Dental Equipment Zone** offers products ranging from dental laser technology, instruments, surgery furnishings and fittings down to consumables such as dental floss.

Hospital Equipment Zone presents ultra-sound and imaging tools, electro-medical equipment, anesthetic equipment and surgical instruments, etc.

Household Medical Products Zone display instruments for checking blood pressure, scanning temperature, keeping track of calories or coping with sleep apnea.

Medical Cosmetology Zone

presents both service, providers and equipment such as IPL (intense pulsed light) devices and laser devices for beauty and dermatology applications.

Physiotherapy Zone supports demand for products such as braces, rollers, exercise paraphernalia and suchlike.

Rehabilitation & Elderly Care Zone hosts exhibitors serving both the senior market and also the younger market prone to sports injuries, with mobility aids, orthopaedic equipment, monitoring devices and more.

Tech Exchange is a space for buyers and investors looking for new concepts, products or prototypes to bring to market.

Uncover Latest Industry Trends

A series of value-added activities for grasping the latest information:

- **Seminars** on technology and market updates
- **Exhibitor Forums** for new products' demonstration
- **Buyer Forums** for potential market development and opportunities
- Concurrent **Hospital Authority Convention**, with 90 expert speakers and over 5,000 healthcare professionals as participants

Your best partner!

Expand your business into new markets! Don't miss out!

Medical & Health Buyer's Sources (MHS) is published every Spring (April) and Autumn (October). It includes all kinds of medical and dental manufacturers and suppliers.

We participate in more than 30 international medical and dental exhibitions.

MHS is closest to world market trends.

We provide the most effective vehicle for promoting your visibility and exploring new markets.

If you want to promote your products worldwide, MHS is your best choice.

The current edition will be distributed at the following events!
